<b>Description of the Activity:</b>			
<p>The Training cell was established in 2018 and is devoted completely towards providing Communication skills, Placement and employability training to students that belong to Reserve category. The emphasis is on making the students confident in facing the needs of the corporate world. This endeavor is accomplished by Trainers who impart basic training of English covering the various facets of the language. The aim is to provide a healthy learning environment with a mix of theory, activities and exercises along with general awareness sessions, so that the students do not</p>			

feel lacking or behind and are able to give their best in classes as well as during the placement drive.

This year the emphasis of the on line course is on providing communication skills practice with a balance of theory and more importantly practical exercises to students of the reserved category. The module ensures that students are able to engage in conversational English in real-life communicative situations. The module persuades students to speak freely and confidently about themselves, their lives and future plans.
